NEW Improved Design 1610-1810 Universal Joints

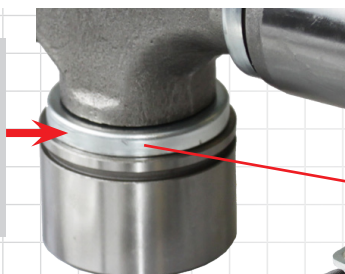

The Perfect Fit

- **Teflon thrust pads** prevent metal on metal contact eliminating galling and reduces internal heat ensuring long life and a perfect fitting universal joint.
- **Triple lip seals** provide greater protection preventing contaminants entering and retaining lubrication for longer lasting protection.
- **Steel Shields** provide extra protection for the seals to give the ultimate joint protection.
- **Two grease nipples** located opposite each other providing easy access to allow a lubrication point without having to rotate the shaft - **Saving you time in maintenance.**
- Supplied with **all bolts and lock tabs** for secure mounting bolt retention.
