DISCLAIMER & WARRANTY

Disclaimer

The information and dimensions listed in these catalogues is correct to the best of our knowledge and belief, having been compiled from reliable and official sources of information. However Hardy Spicer (HS Company Pty Ltd) accepts no responsibility for possible errors, omissions or unsuitable parts being listed or fitted to any vehicle. Dimensions listed are nominal throughout. Due to our continuous product and range development we reserve the right to alter the specification without prior notice.

We welcome any feedback re suspected errors or omissions to the information enclosed. We can be contacted via email hspicer@hardyspicer.com.au
Or via Ph 03 9794 1900 or Fax 03 97069928
Alternatively via mail at PO Box 4262, Dandenong South, Vic. 3164.

Warranty is designed to protect you from unforeseen defects in manufacturing materials and workmanship. It is not a guarantee that the product will not fail when the product is used in a manner outside the design parameters of the goods.

Warranty Policy - Universal Joint Driveshafts and Components (Also please refer Terms and Conditions on our website)

Hardy Spicer (HS Company Pty Ltd) warrants to the original purchaser that Universal Joints, Driveshaft Components and Driveshaft assemblies purchased from the Company will be free of defects in materials and workmanship subject to the following conditions.

The period of warranty will be for

- Passenger Vehicles (used exclusively on formed roads) 12 months or 20,000 km's whichever occurs first.
- Commercial or Off Road vehicles 3 months or 250 hours whichever occurs first.
- Industrial and Agricultural - 3 months or 250 hours whichever comes first.

Claims for replacement of parts will only be processed after inspection and acceptance by the Company and/or its supplier that product is defective in materials or workmanship. These items should be returned freight pre-paid by the purchaser after contacting the company for return instructions, with proof of purchase and documentation stating the reason for the warranty claim.

This Warranty is subject to the following limitations:

- Damage caused by improper installation, negligence, misuse, failure to follow our instructions or recommendations, or alterations or repair of goods without our approval.
- "Staked Replacement" joints are excluded due to torque capacity limitations of this replacement design. These should be used as an Emergency repair only. Hardy Spicer sell a range of replacement components rated to match or exceed the original staked joint designs and we strongly recommend their use in replacing unserviceable staked joints.
- Any product used in vehicles subject to Racing competition of any form, Speed Trials, Performance Dyno testing or vehicles that have been modified from the Manufacturer's original specifications are excluded except for dimensional defects.
- Any Driveshaft or Universal Joint component directly coupled to an internal combustion engine without a torsionally resilient coupling will be excluded from any claim.

Liability under this warranty is limited to the replacement of the component supplied if accepted by the Company to be defective in materials or workmanship. No liability is accepted for any consequential damage, transport, removal, installation, towing including loss of profits or other economic loss.

UNIVERSAL JOINT KITS

Warranty Policy - CV Driveshafts and Components (Also please refer Terms and Conditions on rear of Invoice)

Hardy Spicer (HS Company Pty Ltd) warrants to the original purchaser that CV Joints, CV Driveshaft Components and CV Driveshaft assemblies purchased from the Company will be free of defects in materials and workmanship subject to the following conditions.

The period of warranty will be for

- a. Complete CV Shafts - 2WD (used exclusively on formed roads) is 2 years or 40,000 km's whichever occurs first.
- b. Complete CV Shafts - 4WD is 1 year or 20,000 km's whichever occurs first.
- c. CV Joints 1 year or 20,000 km's whichever occurs first. Correct grease and CV boot must be used to allow warranty to be approved.
- d. CV Boots 6 months or 10,000km's whichever occurs first.
- e. CV Shafts and Joints used in commercial and taxi operations - 3 months.

Claims for replacement of parts will only be processed after inspection and acceptance by the Company and/or its supplier that product is defective in materials or workmanship. These items should be returned freight pre-paid by the purchaser after contacting the company for return instructions with proof of purchase and documentation stating the reason for the warranty claim.

This Warranty is subject to the following limitations:

- a. Damage caused by improper installation, negligence, misuse, failure to follow our instructions or recommendations, or alterations or repair of goods without our approval.
- b. Any product used in vehicles subject to Racing competition of any form, Speed Trials, Performance Dyno testing or vehicles that have been modified from the Manufacturer's original specifications are excluded except for dimensional defects.
- c. Any CV Shaft or CV Joints used in mining applications are excluded from any claim.

Liability under this warranty is limited to the replacement of the component supplied if accepted by the Company to be defective in materials or workmanship. No liability is accepted for any consequential damage, transport, removal, installation, towing including loss of profits or other economic loss.

UNIVERSAL JOINT KITS

IDENTIFICATION OF BEARING TYPES & DIMENSIONS

BEARING TYPES & DIMENSIONS

HOW TO MEASURE UNIVERSAL JOINT KITS

Follow these simple steps:-

STEP ONE

DETERMINE KIT TYPE FROM ILLUSTRATIONS

STEP TWO

Figures 1-4

- Measure Bearing Cap Diameter Dimension 'C'
- Measure 'B1' and/or 'B2'
- Check Bearing Cap Type and quantity.

Figures 5-9

- Measure Bearing Cap Diameter Dimension 'C'
- Measure 'B1' or 'B2'
- Measure Dimensions 'E' and/or 'F'
- Check Bearing Cap Type and quantity.

Figure 10

- Measure Dimensions 'E' and 'F'
- Check Bearing Cap Type and quantity.

IMPORTANT

Measure with Bearing Caps compressed-ensure that Needle Rollers are not dislodged.

NOTES

- Non Lubricated
- Lubricated - Side
- Lubricated - Centre
- Lubricated - Bearing Cap
- 4 Snap Rings / 4 Circlips included
- 3 Hole Bearing Plate Type
- Uses 14.27mm (.562") Cap Screws
- Uses 15.88mm (.625") Cap Screws
- Centre Hole through UJ Kit
- Measured inside face to inside face of Snap Rings
- Lubed for life / Heavy Duty
- Kit supplied with only 2 Circlips
- Kit supplied with only 2 Snap Rings
- Use Strap Kit P/No. 5-70-28
- Use Strap Kit P/No. 6-5-70-18
- Wheel Joint
- Uses 19.05mm (.750") Cap Screws
- Lubricated - Side Of Bearing Cap
- Supplied with multiple sets of circlips.
- Relief Valve in Centre of Cross

To help ensure universal joint retention, it is imperative that the correct cap-screw be used and properly torqued.
All must be Grade 8 or equivalent quality. The torque settings apply only to clean, dry, non-coated bolts.
